

Ozaas Networking Solutions

For Enterprise Networks

ABOUT US

Headquartered in Singapore, Ozaas offers a complete line of Video Surveillance Solutions, Networking Infrastructure Solutions and Smart Devices. Ozaas Networking solutions are designed to deliver high speed, integrate emerging technologies while reducing overall infrastructure costs. The result is a resilient, speedy, fault-tolerant network architecture. When combined with other Ozaas networking offerings, our products provide a solid end-to-end network solution built to the highest industry standards of quality and reliability. Whether you are a user, integrator or reseller, Ozaas can provide you the expertise you need to deploy a robust network infrastructure.

OZAAS NETWORKING RANGE
